

Landahl Park

North & South Trails: From Kansas City take 70E to Blue Springs. Take exit 20 at Hwy 7 and go north (take a left and go back under the overpass). Just be sure you're going north! Keep going for a few miles, the road will cut down to two lanes. Soon after a junk yard on the right you'll see a small brown sign that says 'Lake city range'. Take this right. The turns are sharp - be careful! You'll eventually come to a stop sign, keep going, you'll crest a couple more hills then you'll see the shooting range on the left. Keep going about .5 miles further and the parking lot for the trailhead will be on your left.
